

"Solutions in a world of change"

Global Shift LLC is Officially Designated as a Service Disabled Veteran Owned Small Business (SDVOSB)

(Alexandria VA, May 2012) -- Global Shift LLC received the official Service Disabled Veteran Owned Small Business (SDVOSB) designation from the U.S. Center for Veterans Enterprise. Global Shift is a professional consulting firm operating in the Washington DC Metro Area since 2008. Under Executive Service Order 13360, all Department of Defense acquisitions must be set aside for a minimum of 3% to prime contractors and 3% to sub-contractors for SDVOSBs, as a way of honoring their service to America. Similarly, the Department of Veterans Affairs (VA) is required to purchase from SDVOSBs when possible.

Global Shift's verification by the Center for Veterans Enterprise qualifies Global Shift to bid on government projects that are "set aside" for Service Disabled Veteran Owned Small Businesses. This improves the potential for Global Shift to win these bids. William Porter, Global Shift's founder, explained, "The primary business areas Global Shift will focus on are where major change is occurring: in strategic planning, leadership development, international cooperative efforts, C4ISR systems engineering, acquisition process execution, and small business support." The SDVOSB designation also qualifies Global Shift to be a sub-contractor for large companies that must meet government regulated sub-contracting goals.

About Global Shift LLC

Global Shift is comprised of experienced engineers and military leaders who offer extensive talent to support design concepts, integration, verification, and deployment of various C4ISR systems for our customers. The firm provides services that support operations at all phases of the acquisition cycle, from an Analysis of Alternatives, to initial design, testing & evaluation, to long term life-cycle support. Global Shift founder and President & CEO, William Porter, served 28 years in the US Navy's submarine service, and following command at sea, was a Major Program Manager at NAVSEA. Global Shift's offices are in Alexandria Virginia, close to the Pentagon, the Washington Navy Yard and Fort Belvoir. For more information visit www.Global-Shift.com.

About the Center for Veterans Enterprise

The Center for Veterans Enterprise (CVE) is an office within the U.S. Department of Veterans Affairs (VA) and is a subdivision of the VA's Office of Small and Disadvantaged Business Utilization. The CVE helps veterans interested in forming or expanding their own small businesses. It also helps VA contracting offices identify veteran-owned small businesses and works with the Small Business Administration's Veterans Business Development Officers and Small Business Development Centers nationwide.
